

## Cameo Club – this is what we've planted in 2016 ...

### Full sun planter

- *Salvia Hot Lips*
- *White hebe*
- *Penstemon Blackbird*
- *Echinacea Sensation Pink*
- *Sedum Spectabile Hot Stuff*
- *Geranium Rozanne*
- *Trailing rosemary*
- *Lavender x 2*

*We decided to put one planter in full sun – outside the Cameo room window – and one in semi-shade outside the dining room window. That way we could plant a wide range of plants and keep an eye on the planters – where ever we were in the building.*

*We also planted up a tub of alpine strawberries.*

### Shady planter

- *Fox glove*
- *Heuchera Palace Purple*
- *Hostas*
- *Geranium Rozanne*
- *Geranium Johnson's Blue*
- *Hebe Addenda*
